Jane Whitmore will raise about one hundred acres of Turkey Red wheat in the Whitmore park this season. The results were so satisfactory last year that by next year the acreage will be greatly increased and it is expected by those who have watched the production of wheat in that section that it will become one of the largest producing in Utah.

Harry Goss, proprietor of the Kentucky Lagoon House, received the intelligence Saturday that his mother, aged 72 years, died in Chicago on the 25th inst. Mr. Goss is in Salt Lake. According to the Jewish custom, following the death of a parent the relative must refrain from actively engaging in any business for a period of at least one week.

J. M. Millard, the Altonah merchant, was here Monday from the reservation. He was accompanied by Mrs. Millard and little boy. Mr. Millard tells The Advocate that the validity of the recent high school bond election is being legally questioned on the ground that many of the precincts allowed a large number to vote who were not entitled to on the ground of not being taxpayers.

Bert Beahold, who has been engaged in building a road for a distance of ten miles south from Hite in order to get to his Colorado river mines with some dredging machinery, has been in the city several days this week, securing supplies and making business arrangements. It looks like there would be something doing down the river one of these days.—Green River Dispatch, 19th.

The territory covered by the Price branch includes everything in Utah east of Provo. The decision of the company is a splendid compliment to "the biggest little city." QUO VADIS.

Magnificent Klein-Close photo drama, reproduction of Harry Henshaw's world famous novel, comes to the Elko Theater Saturday, March 28, in three acts; eight-reel performance, lasting 1 1/2 hours.

The story is laid in Rome during the reign of Nero. The burning of Rome shows the whole city a mass of flames. It glows like a great furnace and illuminates the sky for miles around.

The Christian Martyrs.

A great series of spectacles takes place in the amphitheater. Exciting chariot races and gladiators engaged in mortal combat entertain the people for a while. Then the Christian martyrs, men, women and children are brutally driven into the arena, after which the lions are turned in upon them.

In "Quo Vadis" the author gives us pictures of opening scenes in the conflict of moral ideas with the Roman Empire, a conflict from which Christianity issued as the leading force in history. Every student of history should see it and glean the values so admirably illustrated of the causes that brought the fall of Rome. This feature played in New York recently at 50 cents. By special arrangement our prices for the matinee, 15c and 25c. Admission 25 cents to all at night.

Elko Theater, March 28th.

HIGH SCHOOL NOTES

The tryouts in public speaking resulted in the selection of Lucette Whitmore to represent Carbon High at the state contest to be held in Salt Lake on May 8th. It has not yet been definitely decided who will represent the school in the contest in reading.

The tryouts for the debating team resulted in the choice of two teams—one affirmative and one negative. The affirmative team consists of William Thomas, Zella Farnett and Matthew Bradley; and the negative team, Parley Peterson, Cora Lee and Milton Olson.

The question for debate is: "Resolved, That the present tariff laws discriminate against the West in favor of the East." Those teams will debate the question in the near future and from them be chosen the team to meet the champions from Utah county.

Spring athletics for the C. C. H. S. are looking bright. The baseball diamond and the track at the park have been put in good shape, and every night nearly every boy in the school can be found out to the park trying out for one or both of the teams. Already a number of contests have been arranged, and the high school is only anxious to get more.

The track and baseball contests with Emery State academy will be held near the close of April at Castle Dale. The baseball squad has nearly three men for every position. Emery, Vignetto, Gay Thomas, Wm. Thomas, Robinson, Morris Woods, Glennell, Rulon Bryner, Bradley and Walter Lee are showing up fine.

For the track team Milton Olson, Lynn Farnett, Emery Thomas and Barker are showing good form.

On April 1st (All Fools Day) a track meet will be held between the four classes at school. Keen competition is expected.

Four cuts are yet unfinished. The finishing of these, one at Gersow's camp, one at Camp No. 5, one at W. W. Brown's and the fourth at Eggleston & Matthews' will wind up all of the big work. Superintendent Bowman is asking for finishing stakes all along the line and by June first the large job will be done.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first-class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.—Adv.
